I don't see Ian's statement to that effect in the email chain

Looking through my emails and you will note at the end of this string of emails, **Ian clearly states that Phil Kibsey will inform OPS that we are not prepared to have anyone in Confed Park.**

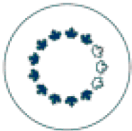

Hope this helps

You may want to involve Christian and Pietro at the meeting tomorrow with OPS.

Thank you Ian,

I will be meeting with Christian and Michel this afternoon to discuss further.

I have not spoken to the organizer today. I have been in discussion with Ottawa Police Service however, They have provided the following information and would like to know how the NCC would like to respond:

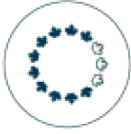

- * In speaking with one of the event organizers, they plan on using Confed Park to bbq, food tents, porta potties, medical tents etc. They were advised to seek permits, to which they said they would but regardless of whether permits or issued or not they plan on using the park
- * There is potential that the SJAM may be used for routes in and out, or for parking the rigs

Will these activities be allowed, and if not, what does the NCC response look like?

OPS is hosting a meeting on this tomorrow morning at 11h00 in which they would like to understand our position as well as provide further updates.

If there is risk to our RCS operations we may want to consider closing the parkways with barriers to vehicle traffic in order to avoid disruptions.

Thank you,

Phil Kibsey

Subject: Call re: Canada Unity set-up in Confed Park

Hi everyone,

Just a quick note that I just spoke to a volunteer of the Canada Unity group which is associated with the inbound truck convoy. Phil, I believe you or someone in your team might have spoken to him earlier to day as well. He was inquiring about the potential to use Confed Park as a "home base" starting this Friday for the inbound convoys.

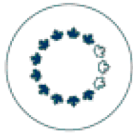

I clearly indicated that all of our park spaces are not open for events over the winter and that all facilities within them are closed. He understood and had expected this response. He seemed to not be ideologically aligned with the Canada Unity movement but has agreed to make this call as a favour to a family member.

Note: he indicated that he was getting the impression, from members of the Canada Unity, that they were looking to stay at Confed Park and use it as a "home base" until such a time as the government "met their demands".

If you have any questions, do let me know.

Cheers

Ian
